

Guidelines for OCR Submissions

Welcome to Lumos.ai! The free OCR feature allows students to write their answers down, and then upload it. My Custom-trained Nanonet OCR Computer Vision Model paired with ChatGPT for increased accuracy in OCR works wonders on bad handwriting. However, there is a format to the submission of the worksheet, as shown below -

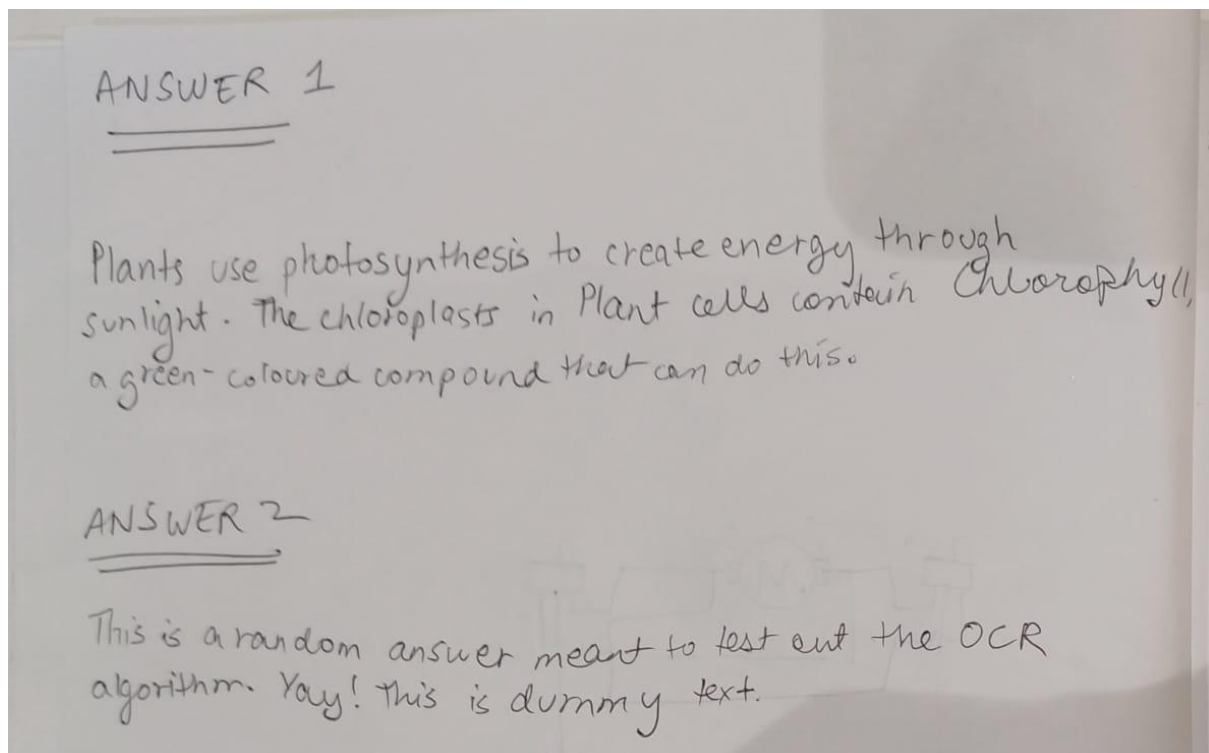

ANSWER 1 (in capital letters and underline)

Your answer here

ANSWER 2 (in capital letters and underline)

Your answer here

Sample submission -

The combination of a custom Nanonets OCR Model and ChatGPT works very well on bad handwriting like this 😊.

Thank you!

- Pranet Khetan
